USED CARS

ONE FOR EVERYBODY

OUR POLICY

Simply to overhaul a car and then resell it is a comparatively easy task and is done nearly every day, our methods, however, are different, for we turn our cars over to a skilled group of mechanics, who after they have overhauled them, pass upon their worth and qualifications for road service. These service engineers are keen specialists who have made a study of how to rebuild and reconstruct, if necessary, so that the cars will give a definite service to the purchaser.

For the discriminating buyer, for the man seeking a special type of better make, we carry a wide selection, all of which have been approved by our service engineers. Call and compare our prices and cars carefully. Our used car business has increased monthly to date. There must be a reason.
